1

on 20.01.2024

Macario JUAN, Managing Director

* Risk Indicator 1 indicates a minimum risk of business failure at the stated date. Scale: 1=lowest risk, 4=highest risk. The D&B rating is a statistical evaluation based on the company data available to D&B.

WORLDWIDE INDEPENDENT

Dun & Bradstreet is the world's leading source of business information and insight, enabling companies to Decide with Confidence since 1841. D&B's global commercial database contains more than 50 million business records from over 100 countries and 93 language markets. The database is enhanced by D&B's DUNRight® Quality Process, which transforms the enormous amount of data collected daily into decision-ready insight. Through the D&B Worldwide Network - an extended alliance of D&B and leading business information providers around the world - customers gain access to the world's largest and highest quality global commercial business information database.

The D&B *Strength* topic information can be used to guide how a business is or may be performing. Derived from the D&B Fitch® Score®, the D&B *Strength* reflects a company's financial strength and the likelihood of its being backstopped based on data from the past, and the drawing of conclusions about future success is limited. The Rating Certificate's value is limited to a period of one year after the rating date.

The D&B *9-Digit IDB Number* (Data Universal Numbering System) is a nine-digit identification system allowing companies to be uniquely identified across the world. Companies can be searched up to parent companies, subsidiaries, headquarters locations and branch operations. This code gives data a new level of transparency.

SINCE 1841
